Dear Ms [REDACTED]

NOTIFICATION OF DECISION

With reference to the application for redress of the above named applicant the Board has considered the application and notifies the applicant as follows:

The Residential Institutions Redress Board was established to make financial awards to certain persons who as children were resident in institution(s) listed in the Schedule to the Residential Institutions Redress Act 2002 and/or Residential Institutions Redress Act 2002 (Additional Institutions) Order 2004 and who have or have had injuries that are consistent with abuse received while so resident. The Board is prohibited by Statute from making an award in any other case.

I regret to inform you that your client's application does not fall within the terms of the statute for the following reason - *you have not established to the satisfaction of the Board that your client was resident in an institution covered by the said Act or Order as required by section 7 (1)(b) of the said Act.*

The Board has therefore decided to refuse your client's application.
By order of the Board

Yours sincerely,
